Goldleaf Delivers the Bonds!

Federal, state and local governments require an incredible variety of surety bonds — from numerous license and permit bonds to ERISA bonds, court bonds, tax payment bonds, fidelity bonds, business bonds, broker bonds and many, many more. Goldleaf Surety Services knows them all. Their staff has handled these bonds for years, and they treat individuals and businesses that need them with prompt, professional and courteous service.

Goldleaf Delivers the Best!

Goldleaf only represents surety companies that are rated “Excellent” or better (by A.M. Best Company) and are T-Listed (approved by the U.S. Department of Treasury for federal bonds). With over twenty different companies to choose from, they are able to network individuals and businesses to the surety companies that best understand their industry and their particular bond needs.

Goldleaf Delivers the Business!

Goldleaf’s professional underwriting team is among the most creative and proactive in the country. On difficult or confusing bond requests that many surety companies reject, Goldleaf’s people continue to work and structure solutions that can get these bonds written. They concentrate on possibilities, rather than weaknesses, and find ways to success that other companies do not even consider.
