How do Big “I” members access Coalition’s products?

Big “I” members first need to [register for Big “I” Markets](#). Staff who are quoting and binding will need their license number entered in [Step 5](#) of the registration. Those staff will log into [www.bigimarkets.com](#) to select the appropriate product, either “Cyber Insurance – Coalition” or “Executive Risks – Coalition,” and click “Request A Quote” in the menu on the left. This will create and log the user into their Coalition Dashboard to quote any of the Coalition products. After generating the Coalition Dashboard through the Big “I” Markets authentication process, users can create a direct login to their Coalition Dashboard to bypass the Big “I” Markets platform. To get started, call me and I can walk you through!
