Pumps: Not self-propelled (1) Self-propelled (2)	CGL BAC	CGL CGL			

Notes:

- (1) — Vehicles on which the equipment is permanently attached, maintained primarily to provide mobility to such equipment.
- (2) — “CGL” if designed for use principally off public roads or maintained for use solely on or next to named insured’s owned or rented premises.
- (3) — Although designed for use principally off public roads, “CGL” applies in the event there should be operation on a public road.
- (4) — CGL does not exclude operation on a public road (for example, to secure needed service or repair) so long as *maintained solely* for purposes described.
